Employment

Oct. 2019 to Mar. 2020	**Associated Students UCLA**	Los Angeles, CA

Web Coding Assistant
Joined the Communications and Marketing department of ASUCLA and my primary objectives were to:
•Work in Wordpress to modify and update the company website and client websites.
•Use Bronto to prepare, test, and distribute digital marketing content.

June 2018 to June 2020	**Foundations Choreography**	Los Angeles, CA

Webmaster
Foundations is a UCLA based dance organization. In the webmaster leadership role, I did the following:
• Individually built all front-end components of a website from scratch, servicing +7,000 users annually.
• Work within an 8-member committee creating content to display on website.
• Write and evaluate code to ensure that it is valid, is properly structured, meets industry standards and is compatible with browsers, devices, or operating systems.
• Recommend and implement performance improvements to website.

May 2017 to Mar. 2020	**Associated Students UCLA**	Los Angeles, CA

Building Manager
Wthin the Student Union Operations Division, my responsibilities include:
•Engage in and be responsible for various long-term projects assigned by event and divisional managers.
•Facilitating inter-departmental communication when necessary.
•Communicate effectively within a team of 20 other student union building managers and assistants to effectively manage 30+ event and sound technician student staff.
